SUMMARY

Highly motivated 3rd year Computer Science student with hands-on experience in software development, seeking an OJT opportunity to apply classroom knowledge, gain practical experience, and enhance field-based skills. Proficient in various programming languages, software development methodologies, and database management. Strong problem-solving skills and team player.

EXPERIENCE/PROJECTS

NRGCCS(National Roadmap for Global Competitiveness in Communication Skills)
Software Developer/Assistant Team Leader • Jan 2024 - May 2024

- *Led a team of 5 in setting up meetings and managing the project requirements*
- *Collaborate with cross-functional teams to identify and prioritize features and requirements*
- *Utilized Vue.js and Firebase, gaining insights into various stages of the software development lifecycle*
- *Troubleshot and resolved software defects and issues, improving system reliability by 20%*

Recipal(Recipe Suggestion App)
Front-End Developer • August 2023 - December 2023

- *Designed and made the Check My Progress portion of the app and assisted in the general design of the project*
- *Gained valuable insight on ionic framework and hybrid app development*
- *Developed and executed unit tests and performed system testing to ensure software quality*
- *Implemented and gained valuable insights on version control using Github for efficient collaboration and tracking of changes*

Mike(An About Me Website)
Web Developer • September 2023 – October 2023

- *Developed a foundation for Web Development Using the basics such as Html, CSS, and Javascript*
- *Implemented responsive web design to ensure the accessibility of the website on various devices*
- *Gained foundational understanding of user interface design and experience*

SKILLS

- Strong problem-solving
- Analytical skills
- Interpersonal Skills
- Communication
- Collaboration
- Leadership
- Critical thinking
- Attention to detail

Programming Languages: Python, Java, C++
Software Development Tools: Visual Studio Code(IDE), Github(Version Control)

EDUCATION

Bachelor of Science in Computer Science
Batangas State University Alangilan • 2021 – Expected to graduate in 2025

CERTIFICATIONS

Certified in Cybersecurity
ISC2 • 2024

Introduction to Generative AI
Google • 2024

Fortinet Certified Fundamentals in Cybersecurity
Fortinet • 2024 - 2026

Security Operations Fundamentals
Palo Alto Networks • 2024
